Package 'ecoliLeucine'

November 10, 2026

Version 1.52.0

Date 2007-07-22

Title Experimental data with Affymetrix E. coli chips

Author Laurent Gautier

Maintainer Laurent Gautier <lgautier@gmail.com>

Depends R (>= 1.9.0), affy (>= 1.23.4), ecolicdf

Description Experimental data with Affymetrix E. coli chips, as reported in Shepin Hung, Pierre Baldi, and G. Wesley Hatfield, J. Biol. Chem., Vol. 277, Issue 43, 40309-40323, October 25, 2002

ecoliLeucine 2

Index **3**

ecoliLeucine *AffyBatch instance ecoliLeucine*

Description

The *Leucine-responsive regulatory protein* (Lrp) is thought to regulate the expression of multiple genes and operons in bacteria. Two strains *lrp*+ and *lrp*- were studied to investigate which genes are subject to changes in expression levels.

The raw data were taken from CyberT website. The data for 8 chips (4 *lrp*+ and 4 *lrp*-).

Format

An AffyBatch of 8 samples.
